Let's Meet Online!

Presentation by Student
Representatives and Tutors

A stylized, light blue brain diagram with pink outlines of the cerebral cortex. Labels in pink text identify various regions: Parietal Fissure, Occipital (18, 19, 20, 39), Angular / Gyrus, Supramarginal Conv, Anterior Central Conv, Posterior Central Conv, and Temporal (17, 21, 37).

CONTACTS

Non-EU or EU Students

■ Dream Apply Platform | [LINK](#)

UniSi application portal for international students, with several info (e.g., application tutorial, cost of study in Italy, scholarships, accommodation)

■ International Place | [LINK](#)

UniSi dedicated office

■ MUR (Italian Ministry of University and Research) 2023/2024 procedures for entry, residency, and enrollment of international students | [LINK](#)

Ministerial document with important info (e.g., VISA for study purposes, language requirements)

An anatomical diagram of the human brain, showing the cerebral cortex with various gyri and sulci. Labels include: Parietal Fissure, Angular Gyrus, Posterior Central Gyrus, Anterior Central Gyrus, Frontal Convolution, Frontal Convex, Occipital Gyrus, Occipital Convex, Fissure of Sylvius, and Temporal Convex. The diagram is rendered in a light blue color on a pink background.

Financial

Support

Financial Support

■ DSU Toscana | [LINK](#)

Scholarships of the Agency of the Tuscan Region for the Right to University Study, awarded on the basis of income and merit. They include:

- total exoneration from tuition and fees
- free access to the University's canteens
- lodging in a University's residence (but a specific request has to be made)
- economic contribution (diversified according to income)

■ UniSi part-time jobs for students | [LINK](#)

Several calls during the year to be employed in a part-time job (150 or 200 hours) at the University (e.g., becoming a student tutor)

An anatomical diagram of the human brain, showing the cerebral cortex with various gyri and sulci labeled. The labels include: Parietal Fissure, Occipital Fissure, Angular Gyrus, Supramarginal Gyrus, Anterior Central Convolution, Posterior Central Convolution, Frontal Convolution, Middle Frontal Convolution, Superior Frontal Convolution, Middle Temporal Convolution, Superior Temporal Convolution, and Inferior Temporal Convolution. The Fissure of Sylvius is also indicated. The word 'Accommodation' is written in a large, white, serif font on a black rectangular background, centered over the brain diagram.

Accommodation

Accommodation

■ University's residences via DSU Toscana | [LINK](#)

University's residences are owned by the Agency of the Tuscan Region for the Right to University Study, not by the University of Siena

- see pp 36 ss at the [LINK](#)
- in case you win a scholarship, but there aren't enough places available, you may benefit from a rent contribution in place of the accommodation in a residence

■ Private rents

Type in the search bar 'room for rent Siena Italy' and many websites will show up. Look at Facebook groups, for instance:

- Affitti studenti Siena | [LINK](#)
- Affitti a Siena | [LINK](#)
- Affitti Siena Centro | [LINK](#)

Opportunities

Abroad

Opportunities Abroad

■ Studying in Europe | [LINK](#)

Selection notices usually in January/February

- Erasmus for Studies
- The European Liberal Arts Network (ELAN)
- Language and Mind DD with Université Paris 1 Panthéon-Sorbonne

■ Training in Europe | [LINK](#)

You have to find the hosting institution, which will then contact the University of Siena, by given deadlines

- Erasmus for Traineeship

■ Extra-EU opportunities | [LINK](#)

- Overseas
- IES Abroad

Useful

Services

Useful Services

Libraries | [LINK](#)

Canteens | [LINK](#)

You can access them even if you do not have a scholarship. If you have been awarded a scholarship, meals are free of charge, otherwise you pay based on your income (max. 4,50 € for a full meal)

Centro Linguistico di Ateneo (CLA) | [LINK](#)

If you need to obtain your C1 English, which you need before graduating, or if you need to meet other language requirements (e.g., for the Erasmus)

Università per Stranieri di Siena | [LINK](#)

If you want to learn Italian

Inclusion and Wellbeing | [LINK](#)

Psychological support, counselling, coaching, Alias Career

An anatomical diagram of the human brain, showing the cerebral cortex with various gyri and sulci. Labels include: Parietal Fissure, Angular Gyrus, Superior Temporal Sulcus, Anterior Central Sulcus, Posterior Central Sulcus, Frontal Convolution, Frontal Convexity, Fissure of Sylvius, and Temporal Convexity. The diagram is rendered in a light blue color on a pink background.
